## Pi Beta Phi Alumnae Club of Savannah

### Dear Pi Phi Sisters,

As you receive this letter, we begin a new year for our club. The board met recently to begin planning for the fall. We will have five events this year, and as in the past two years, we will be mindful of any concern with the continuation of Covid. You will find a description of our activities from Allison Smith, Vice President, Social as you read our schedule. As usual, we will have carpooling available whenever necessary.

Our first event will be the Panhellenic Sororities of Savannah Brunch on Saturday, September 10. It is the second event for our newly established organization after having a successful cocktail party last February where Pi Phis were very well represented. We will be assigned to a table together but will also have time to mingle with friends from other sororities. You should have received an invitation online, but should you need the form to send in with your check please contact Chris Anders, who is in charge of taking all reservations. She will send you one via email.

We will continue our emphasis on literacy, and when Patty Koch, our Literacy Chairman, returns in September, she will give us an update. In the meantime, please plan on our usual contribution of new children's books at our Holiday Cocktail Party.

Sue Souls, Vice President, Finance will be collecting our dues with the form in this newsletter. She also takes care of our contributions to national philanthropies and any tax requirements we have.

Diane Wergley, Vice President, Communications, is assisting with this newsletter and the mailing, plus any invitations we need during the year. Andrea Felkins has offered to construct this newsletter and will continue to do the website (as she has in the past). Thank you to you both!

We look forward to a great year and we hope to see you at our events!
